The Daffodils

I wander'd lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,
A host of golden daffoddis,
Beside the lake beneath the trees,
Fluttering and dineing in the breeze.

Continuous as the clars that shine
And twinkle on the milky way,
They stretch'd in never-coding line
Along the margin of a bay:
Ten thousand aw' is ta glance
Tossing their heads in sprightly dance.

The waves beside them danced, but they Cateld the sparkling waves in glee;—A poet could not but be gay In such a jocund company! I gazed—and gazed—but little thought What wealth the show to me had brough!;

For oft, when on my couch I ile, In vacant or in pensive mood. They fisch upon that inward eye Which is the bliss of solitude; And then my heart with pleasure fills, And dances with the daffodils.

Boston Market.

Boston Market.

BOSTON, September 8—Cofffee—The transactions in ceffee have been quite limited, and prices are nominally the same. Java has been sailing at 23:24% cents, gold, in bags and pockets, and it is at 19a23 cents per bl, currency. There is nothing doing in 8t. Domingo, and prices are quite nominal. Cofffor—Extreme prices continue to be obtained for cotton, as stocks here and at all leading private points have become so much reduced. Manufacturers are purchasing only in small lots as wanted, and we quote ordinary at 30%3al cents; good ordinary 32%33 cents; low middling 35:35% cents; now middling 35:35% cents; low middling 35:35% cents; and middling 35:35% cents; here is there figures, with a stock reduced to less than 600 bales.

DOMESTICS—I he demand for both cotton and woodlen goods is gradually improving, but trade still falls short of expectation, and prices are still low and unsatisfactore. It is cenerally believed that a favorable change will take place before the season closes, on the West and outh are likely to purchase more than an average amount of goods. Brown sheetings, delaines, prints, and desirable styles of woellengen manufact, reviews prices, and are held form.

Augusta Market.

Augusta Market.

AUGUSTA, September 11—P. M.—COTION—The Augusta market opened qui-t, with a fair demand. The market was, however, in the buyer's favor as prices were casy and a triffe lower than on Friday flon news from New York served to depress the market, and holders seemed anxious to realize 19% of at the close. We believe a few sales were made at 29%c. hales of the day 23% bales. Receipts 470 bales. Middling nominally at 29%c. hales of the day 23% bales. Receipts 470 bales. Middling nominally at 29%c. hales of the day 23% bales. Receipts 470 bales. Middling nominally at 29%c. hales for the day 3% bales. The new crop is coming in freely all over the South, and the receip's at the ports up to this time is greatly in excess of the receipts for the corresponding period of last year.

At the close of our last weekly review the market was as firm and steady as during the week previous—continuing so for two days—when, from several causes combined, chit fly in response to Liverpool and New York markets it became easier on Tuesday and continued to become more dull and lower until to-day it closes weak and depressed at about &c decline from hat week's quotations, middling being quoted at 29%c, prices being in favor of buyers. The receipts are rapidly increasing, but the extreme stringency of money prevents operations to a great extent. Sales of the week 945 bales, and receipts 1433 bales. Slo. & on hand to date 823 bales.

COBM—Scarce with moderate demand. We quote sales at 2150 for prime from depot,
FLOUR—Demand good in all grides; prices tending upward—city milis 88alo. At retail \$1 per bbl bigher. Country 18a11, according to quality.

WHAT—Scarce and in demand and all sold that is offered. We quote white at \$1 70 at 85; red \$1 58a 1 63; ambor \$1 63al 65.

OATS—Active and advanced at 90a\$1

Savannah Market.

Savannah Market.

Savannah Market.

Savannah September 9.—In our last report we quoted midding at 32c, since then the advance in prices in New York has, in some instances, induced buyers to pay as high as 32½c, and 32½c for the same quality.

The receipts of cotton at this port have been large, considering so early a period in the season. Indeed, when we compare them with those of our sister Southern cities, we find that the Forest City of Georgia is first and foremost, not only in receipts, but at the same time comparing favorably with any scaport in prices obtained for the raw material. We do not use this as a stimuts for those who seek to send cotton elewhere, but by reference to Prices Current, and reports received daily from other markets, we can sately assert that our market offers to planters and others dogaged in the cotion trade, facilities equal to those of any of our southern ports.

planters and others cogaged in the cotion trade, facilities (qual to those of any of our bouthern ports.

Bo far the business doing has been principally for Northern account, the transactions in short sales having been discontinued in consequence of the high prices asked by sellers.

Asregards staple and quality of the cotion so far received, we find that from ginning too early the sp-dearsnee of the o ten is not so good as night be wished, gin cut and other evidences of pleaking too early is perceptible. The staple of the receipts, up to this time, bowever, compare favorably with that of any previous year.

The receipts of the new crop foot up 5719 bales, which at the early period of the year speaks well for the future of savannah.

'Our market, although quiet at the close, cap be quoted as follows: Liverpool middling 31½c; low middling 30½c; good ordinary 290.

The receipts at this port since September 1st, the date of our 1st weekly report, have been 648 bales, as follows: 4798 bales per Central Bailroad, 565 bales per A. & G. R. R., and 1121 bales per Savannah river steamers, of which 3 bales were sea seland. The exports, coastwise, for the same time have been to New York, per steamabine, 3611 bales, to Philadelphis, per 1 conswands, 265, to Baltimore, per America, 363. Total, 4139 bales.

BIOT—Drim. The first arrival of the new crop came in yesterday from ratifla river, and sold at \$1.75 per bu-hel. we quote \$24,83½ c.nts. Retailing \$3.10 cents, according to quanty and quantity.

BE CAREFUL

WHEN YOU ARRENHAUSTED BY OVERWOEK of head or hand, and feel the need of something invisorating, don't strink whiskey or any intoxicating thing, whether under the name of stitter or otherwise. Such articles give just as much strength to your weary body and mind as the whip gives to the jaded horse, and no more. Alcoholic atimulants are injurious to Nerve health, and are ALWAYS followed by DEPRESSING REACTION.

Dodd's Nervine and Invigorator DOGG'S NOTVINE AND INVIGORATOR
is a TONIC and GENILE STIMULANT which is
NOT attended by REACTION. What it gains for
you it maintains. When it refreshes body or mind,
it refreshes with neitral strength that comes to stay.
We are not recommending teelotalism in the interest
of any factors; but long and extended observation,
teaches us that he who resorts to the boilte for rest
or recuperation, will find, as he keens at it, that he
is kindling a fir on his bones which will consume
like the flames of pardition. Turn from it. Take a
tonic that will refresh and not destroy. DODD'S
NERVINE is for sale by all Bruggists. Price One
Dellar. See Book of Cartificates that accompanies
each bettle. Tmos June 25
